GRADUATE STUDY IN ENGINEERING

Plan of Study

Degree of Master of Science

To be prepared by applicants for the degree of Master of Science

Name of Applicant: ___________________________ KU ID: __________________

Address: ____________________________________________

Colleges and universities attended, periods of attendance, and degrees received:

_________________________________________________________________
_________________________________________________________________
_________________________________________________________________

Title and hours of Master's thesis or project:

_________________________________________________________________

If you hold any position on the University of Kansas instructional or research staffs, state exactly your position, rank, and fractional employment (viz., research asst., ½ time), indicate fellowships, etc.

_________________________________________________________________

ADVISORY COMMITTEE:

The student should first consult with the Graduate Officer of the Department about the selection of a major professor. The student and the major professor should agree on the areas in which the student expects to work. They should then select two or more additional committee members to assist the candidate.

DEGREE: Master of Science

DEPARTMENT: Mechanical Engineering

COMMITTEE

OPTION: A - Thesis
B - Project
